To Whom It May Concern:

This is a letter of reference for Nadine Mercey in regards to her recent work with Danielle's Place Eating Disorders Resource and Support Center.

Danielle's Place was lucky enough to hear Nadine Mercey speak recently at a Holistic Healing Workshop that we hosted at the center. As the manager of the center listening to Nadine speak of her ability to heal through her Vibration Therapy was intriguing and brought joy to many of our clients faces. I feel that her services are a great way to look at healing through the art of listening to our bodies from within rather than using more conventional forms of healing that are usually very trying for individuals with eating disorders. Nadine speaks from her heart and her work focuses on the individual which is what all healing should be about.

We feel honoured to recommend Nadine's services and look forward to working with her again in the future at Danielle's Place.

Please do not hesitate to contact me for further recommendations.

Yours sincerely,

Carly Lambert
